DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Independent Claim 1 is allowable over prior art of record. Claims 2-15 depends on Claim 1 and therefore they are allowable. Independent Claim 1 recites the limitations (c) according to the first threshold, generating a second threshold; according to the second threshold, the first mean gray level, the first minimum gray level, and the first maximum gray level, generating a third mean gray level; and according to the second threshold, the second mean gray level, the second minimum gray level, and the second maximum gray level, generating a fourth mean gray level; (d) according to the third mean gray level, the first mean gray level, and the first minimum gray level, generating a first gain value; and according to the fourth mean gray level, the second mean gray level, the second minimum gray level, generating a second gain value; and (e) according to the first mean gray level, the first gain value, the third mean gray level, the second mean gray level, the second gain value, and the fourth mean gray level, generating adjusted image data gray levels for the first gray level range and the second gray level range. The combined teachings of the closest prior arts Kannapell et al. (US 4593325) and Braica (US 20020097439) fail to teach the above limitations as recited in Claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
